Seldom, if ever, is there any doubt about the effect produced by the use of Pyramid Pile Cure, as is shown by the experience given above. The propristors of this remedy have thousands of similar letters on nile, and surely no better proof of the morit of the preparation could be abked, when it is borne in mind that these letters are wholly unsolicited, there is certainly cause for pride in the remedy. Pyramid Pile Cure is sold by druggists for fifty cents a puckage, and if yours husn't it he will get it for you if asked to do so. Accept no substitutes and remember there is no other remedy "just as good". Everyone is urged to write Pyramid Drug Co. (Special to The Times-Dispatch.)

BRISTCL, TENN., Jan. 23.—The stock-holders of the Clinchheld Corporation, a company largedy interested in mining properties, in Southwest Virginia, and holding stock in the South and Western Rallway, held a meeting in Bristol today to consider an attempted transfer of the corporation Virginia properties to George L. Carter for about \$12,500,000 cash. The stockholders by an almost unanimous vote passed the resolutions disaffirming the contract with Mr. Carter. The stockholders under the power given them by the Virginia Corporation law also removed all the directors of the Clinchfield Corporation except George L. Carter. They also removed all the officers of the Clinchfield Corporation, including George L. Carter, who was vice-president, and elected six new members of the Board of Directors. Charles M. The meeting also pussed a resolution instructing the new board and officers to repossess thomselves of the property of the Clinchfield Corporation, which had been delivered over to Mr. Carter on January 9th and also instructing the board to appear in the present suit before Judge Goff, of the Federal Court in West Virginia and take all necessary measures to set aside the contract which the corporset aside the contract which the corpor-ation had attempted to make with Mr.

This action of the corporation no doubt means a stubborn legal battle in the courts as Mr. Carter will endeavor to hold all the properties in his own right as per his deal with the old directors of the corporation simultaneously with the foregoing and closely related to it.

Judgo John W. Price, of the Bristol Virginia Corporation Court, has just delivered his opinion in the case of the Commonwealth of Virginia at the relation of C. B. Fianary and others vs. the South and Western Railway Company. This case has attracted wide attention.

The proceedings was in the nature of a writ of que warrante against the South and Western Railway Company, of which George L. Carter is president, attacking the validity of that company's charter on the ground that it had forfeited its rights by failure to comply with a provision in the charter requiring it to have in operation at least thirty miles of read in Virginia before the 2d day of April 1994.

The defendant company admitted that

The defendant company admitted that it did not have thirty miles of road in operation. It claimed, however, that the forfeiture provision in its charter was not self-executing and that by virtue of an extension granted by the Corporation Commission, the corporation still existed as a railroad company in the State of Virginia.
